Conditions to put products on the market

- a) The "Transaction Document of organic products" (DTPB), which declares the conformity with the reference standard and ensures regular information towards Bioagricert, should always accompany the transactions between controlled operators. If the DTPB is issued after the transaction, the declaration of conformity shall be reported on the sales documents
- b) Prepacked products can be put on the market only after Bioagricert approves the label and after they are identified with a control code

All certified operators which export their products in US must associate the transaction with a valid NOP import certificate issued on the OID platform.

The operator is responsible for putting products on the market and for the conformity statements.

issuing date	02/05/2025	Bioagricert manager	ALESSANDRO LOMBARDI
--------------	------------	---------------------	---------------------

anniversary date for annual update	10/12/2025	Documento firmato digitalmente
------------------------------------	------------	--------------------------------

the NOP certified operation must submit, before the anniversary date, its annual update

Once certified, a production or handling operation's organic certification continues in effect until surrendered by the organic operation or suspended or revoked by the certifying agent, the State organic program's governing State official, or the Administrator.
