

Our products

WHOLESOME, SAFE AND NATURAL

NEDSPICE

Nedspice has worldwide activities in sourcing, processing and distribution of spices, herbs and dehydrated vegetables in a sustainable way. With 4 processing facilities, 4 sales offices and 12 distribution warehouses we offer a full supply chain control from farm to customer.

We use only natural, wholesome and high-quality ingredients. Built on years of experience in farm level sourcing and produced with innovative processing technologies. By providing traceability, transparency, quality assurance and high service levels, we deliver your products in a carefree manner according to your specifications and needs.
